INTRODUCTION

"Bright Career Computer Educational Institute" was established in the year 2006 with the objective of providing modern education with special emphasis on information technology through advanced learning techniques. This institute is registered in year 2006 An ISO 2008-2015 Certified Organization for Standardization, Government of India Ministry of Micro, and Small & Medium Enterprises. Govt. N.C.T of New Delhi [Registered under societies registration act XXI of 1860] Certified complete independent computer training and vocational training institute. There are many career courses in India. You can choose the right course for your future to be secured good education is most important for every person, student to build his or her career future, success, stability in life and to realize all dreams. "BCCEI" is trying to provide the best computer education to all segments of society i.e. students, housewives, employed, unemployed, professionals etc. "BCCEI" want to generate team of self-dependents. In present job is not at all easy so if a person is aware about working on computer then there are many opportunities to fulfill the basic needs. For many people the computer education is unaffordable, but our effort is that choice matter, and widely available for all rather than just focusing to a particular section of society. I am confident with the programs and courses offered, you really are bonafide. Wish you all the success in your professional carrier.

RECOGNITIONS

DIRECTOR'S DESK

Dear Visitors/Listener,

I welcome you to the family of students in "Bright Career Computer Educational Institute", which was established in the year of 2006 with the objective of providing modern education with special emphasis on information technology through advanced learning techniques. I think skill development courses in information technology & other trade is necessary because Information Technology has the potential to absorb 6.25 million people by 2015-2017. Information-Technology will be a great economic booster as export revenue estimate of INDIA will increase to 301327.10USD Million by 2020-2022. Above statistics clearly shows that future of IT & Knowledge industry is huge; there is great gap in demand and supply of IT professional in INDIA.

As per above saying it is clear that future of IT & Knowledge industry is huge. So if you're thinking about going back to school and continuing your professional development, you might want to consider enrolling in a certificate or diploma program. With the concentrated classes and practical skills, certifications and diplomas can be a great alternative to a traditional degree program.

I hope you will join with us and you will be a part of global IT movement and ensure about your success.

STUDENTS FEEDBACK MESSAGE

GURPREET SINGH

Loved every minute studying and gained great knowledge. Looking forward to live as a life coach and being part of changing lives for the better.

SHIVA

You are an excellent tutor. Thank you very much for your effort and energy for the entire course. I'm glad I took this course. This course has created a great impact on my work performance and attitude to my future job.

GURNOOR KAUR

BCCEI is an institute where you can study at a comfortable place because of the way the faculty teach and interact with the students. The testing and examination system is also excellent.

TARWINDER KUMAR

It has been an enriching experience. I would like to thank the faculty and management team for their professional guidance which provided me the needed skills to do well in industry.

BHAVLEEN KAUR

I had a great time doing this course and everyone involved in the BCCEI has made it a great experience. I look forward to doing more courses with you guys in the future and have been recommending you to everyone I know.

RIDIKA DEVI

It was fantastic - thank you very much! I was very impressed with the teachers professionalism and knowledge. I can honestly say that it was a unique experience.

JASVIR SINGH

I would like to thank you for the helpful guidance provided by the tutorial department. I am happy with my tutor who is very efficient and shared his knowledge and experience with me.

INDERPAL SINGH

Had a good training in BCCEI. Almost all the topics were covered with practicals. Good institute to learn courses. The trainer gave me regular feedback during course.

SARVJOT SINGH

I really enjoyed my studies with BCCEI. I am benefitted greatly from the convenience of correspondence study. You have helped me to continue my education during a very demanding time in my life.

HAPPY

BCCEI Computer Education is one of the best training institutes to learn computer courses. They have the best class trainers who make things simple to understand. It is the best computer centre in Garhdiwala.

MUSKAN

Had the privilege of learning with this great team of Bccee; I am impressed with their practical session and theory classes.
